

DOREMUS SCUDDER HOME AFTER PACIFIC SERVICE

DOREMUS P. SCUDDER, aerographer's mate, 2nd class, who has been stationed with the Navy in the Southwest Pacific for the past nine months, has returned to this country for flight training. A veteran of Pearl Harbor, he wears three campaign ribbons and two service stars but has escaped injury.

"I'd like to go back some time, but you don't know how good it is to be home," is his summary of the island upon which he has lived since last May. Bundles of souvenirs arrived in the mail this week to augment the long tales which describe the life of the natives and their friendly attitude toward our servicemen.

The son of Mrs. Dora Mae Scudder of Niles, Doremus graduated from the Washington Union High School in 1938 and attended San Jose State College for two years before enlisting. His brother, Dr. Ed Scudder, of Oakland, is with the Army Medical Corps in this country.

KENNETH CLINE GRADUATES FROM TRAINING SCHOOL

Bluejacket KENNETH LEROY CLINE, 18, son of Mrs. Zella Agnes Cline, Post Office Box 265 Irvington, a recent graduate of the Naval Training School for storekeepers at the Toledo, Ohio, Naval Armory, is awaiting active duty orders to sea or to a shore station where he will be eligible for a petty officer rate in his field.

Sent to the specialty school on the basis of his recruit training aptitude test scores the newly graduated man completed a course of study that included property and financial accounting, typewriting, English and correspondence.

RAYMOND COMMISSIONED

IRVINGTON — The Raymond family at the Hotel Irvington were delighted to enjoy a 10 day furlough spent with them last week by their son and brother, former Air Cadet LEROY RAYMOND, who finished his flying studies at Moore Field, Mission, Texas and came home wearing a Second Lieutenant's bars. He returned Monday to his duties in Texas where he has been offered a choice of remaining as an instructor or being assigned to active duty elsewhere. He was one of the first three young men from Washington Township to volunteer back in November, 1940, following which he served for nearly two years as a Sergeant in the dental office at Camp Roberts, in California.

HOME ON FURLOUGH

IRVINGTON — Staff Sgt. CHRIS L. GOMES, who has been in the Aleutians for over two years, is spending a 21-day furlough with his mother, Mrs. Helen Gomes.

Pfc. CHARLES NUNES, husband of Mrs. Martina Nunes of 6th street, Decoto, a graduate of Washington High school has graduated from the radio school of the Army Air Force training command located at Scott Field, Ill., according to a postcard notice sent this newspaper.

Air Cadet CHARLES J. MOHN of Irvington has finished his training at Bruce Field, Bollinger, Texas and is now taking advanced training at Goodfellow Field, San Angelo, Texas, his father, Charles J. Mohn advises this newspaper.

CCM ANTHONY GARCIA of Mission San Jose has been promoted to Warrant Officer and is serving with the Sea Bees at Camp Peary, Williamsburg, Virginia with the U. S. Naval Reserve.

Pvt. JOSEPH HOWARD HENRY, son of Mrs. Hugh Henry of Irvington has finished his training with a Marine Tank Corps at Camp Penelton, near Oceanside, California and has been shipped out with a Replacement Battalion, his mother advises this office. He now gets his mail care the Fleet Post-office, San Francisco.

First Lieut. JACK PEARSON of Niles, formerly employed by the Pacific Coast Aggregates, who has served more than a year with the Army Engineers in the Hawaiian Islands has been sent out to the South Pacific region, according to word received by his wife in Berkeley.

Yeoman 2/c LOUIS E. LORENSEN of Washington Township has finished his training at a Receiving Station in Houston, Texas and has been assigned to a vessel in

TOWNSHIP SCOUT CUB LEADERS TO MEET

The next regular meeting of Washington Township Boy Scout and Cub leaders will be held at the Centerville Elementary School on Wednesday evening, March 1, at 8:00 o'clock. Scout leaders from Centerville, Alvarado, Decoto, Irvington, Newark and Niles will be present.

Cub leaders from Centerville, Irvington, Newark and Niles are also expected to attend.

NILES CHURCH PRESENTS LIST FOR HONOR ROLL

The board of trustees of the Niles Congregational Church has drawn up the following list of names of Church members, both men and women, to be inscribed on an Honor Roll to be hung in an appropriate place in the Church.

Members and friends of the Church are asked to study the following alphabetical list carefully. In case they know of a former or present member, or a member of his or her family, whose name has been omitted they are asked to contact Reverend D. Q. Grabill, telephone Niles 4471. Please also check the proper spelling of the names listed below:

Attinger, Dick
Batcheller, Jolly
Bendel, Roland, Jr.
Bonde, George, Jr.

TOWNSHIP BOARD PREPARES FATHER DRAFT CONTINGENT

Induction of Washington Township's first contingent of fathers is imminent following a recent pre-induction physical. As yet no father has been drafted by Board No. 75 at Niles, excepting some with single status due to divorce.

Among those sent for examination were 31 fathers, only 16 of them passing the physical. Of these only four were accepted by the Navy. They face the possibility of induction sometime next month, several having appealed their I-A status.

To have been included in this group was Thomas M. Pugmire of Niles who volunteered for induction recently and is now on duty with the Navy. He formerly worked at the Pacific States Steel Company and is the father of two pre-school age children.

Mr. and Mrs. A. L. Costa entertained Mrs. Nelson Blair of Los Angeles and Rose Thomas of Decoto at a dinner served last Thursday evening at their home on 6th street in Decoto.

the Atlantic. He receives his mail care the Fleet Postmaster at New York City.

Pvt. THOMAS J. DUARTE of Centerville, now serving with the Army Medical Corps in New Zealand has been promoted to Corporal, according to Anthony Duarte of Centerville.

Staff Sgt. CHRIS C. GOMES has finished two years of service in the Aleutians and is visiting his mother, Mrs. Helen Gomes at Irvington on a furlough before reporting for duty and reassignment at the Presidio of Monterey.

A message received from ALVIN ROSE, former Niles boy, by his wife Jacqueline and his parents, Mr. and Mrs. George Rose, says that he is now a Ships Cook and his rating is Petty Officer 3/c. He reports he is well and happy on board a battlewagon serving in the Pacific.

TOMATO GROWERS DEBATE PRICES FOR 1944 CROP

CENTERVILLE — Washington Townshipcanning tomato growers are divided as to opinions regarding the reported Government minimum of \$25 per ton (roadside) for canning tomatoes in 1944. The majority of those interviewed declare that in view of labor costs the price should be \$30 for round and \$32 for pear-shaped tomatoes.

One prominent grower said he thought \$25 a fair price and could see no consistency in seeking to raise the price of tomatoes. Higher price for this crop and its resultant labor cost increase would unbalance the program for other crops, he claimed.

Most of the growers, however, indicate that unless they get more than \$25 per ton for canning tomatoes they will put at least a part of their tomato land in grain, sugar beets or other crops.

Local canneries said they were contracting for 1944 tomatoes at the \$25 figure. Some growers said they had been approached by buyers but had refused to sign at that price and that they favored holding out for the \$30-\$32 schedule.

"The \$25 price is a minimum, not a maximum as the canneries would like to have the farmers believe," one grower said.

According to Joe Rose, County Farm Bureau tomato chairman, a move is on foot to form a branch of the California Canning Tomato Growers' Association here and in all tomato growing counties in the State. San Joaquin and Yolo Counties are said to be fully organized and many local growers have received literature from the association at Stockton urging them to hold out for the \$30 price.

CENTERVILLE P. T. A. TO OBSERVE FOUNDERS' DAY

The next meeting of the Centerville Elementary School Parent-Teachers' Association will be held on Friday evening, Feb. 25, at 8:00 o'clock in the school auditorium.

Mrs. A. E. Rogers and Mrs. Inez Silva have arranged a program which will honor the past presidents:

1924-1926 Mrs. W. L. McWhirter
1926-1928 Mrs. Fred Rogers
1928-1929 Mrs. George Coit (deceased)
1929-1931 Mrs. C. E. Anderson
1931-1933 Mrs. George Mathieson

1933-1934 Mrs. Charles Wauhab
1935-1936 Mrs. Petra Gronley
1936-1938 Mrs. Loren Marriott
1938-1939 Mrs. Manuel Brazil
1939-1941 Mrs. A. E. Rogers
1941-1942 Mrs. Edw. Chamberlain

1942-1943 Mrs. George Pimentel
1943-1944 Mrs. Lawrence George
All parents, members and their friends are cordially invited to attend.

PLAN CARD PARTY

NEWARK — The Alvarado Farm Home Department will hold a public card party at the Centerville Grammar School on March 14, according to plans made at a dinner meeting at the home of Mrs. Mary Gastelum. Mrs. Maryetta Holum, home demonstration agent was a guest.

OFFICERS NAMED FOR TOWNSHIP WAR CHEST

The Washington Township War Chest for 1945 was organized here last week with Ed Enos of Niles retained as general chairman. Agencies who wish to participate in the new budget are asked to contact Enos.

A total of \$17,729 was pledged for the 1944 chest, \$229 more than the quota. Of this amount, \$2000 has been turned over to the Boy Scouts and \$10,508.34 to the California War Chest. Outstanding pledges of \$5050 will be turned over to the California headquarters when collected.

Jack Rees of Centerville was named representative at large and will attend county and State conferences. He and Enos will meet with the Alameda County executive committee in the near future to determine next year's quota and what agencies will be included.

Other officers and chairmen of the township chest are Manuel Caldeira of Niles, treasurer; Miss Loretta Lewis, secretary; A. J. Petsche of Niles, chairman of initial gifts; Joe E. Lewis, Alvarado; Mayme Roderick, Alviso; Jack Rees, Centerville; George Smith, Decoto; Bob Wright, Irvington; Rev. J. L. Webster, Newark; Lois Justus, Mission San Jose; Warm Springs, John Smith; Niles, E. D. Meeker.

IRVINGTON CUBS ENTERTAINED AT W. CONNOLLYS

IRVINGTON — Mr. and Mrs. Walter Connolly entertained the Cub Scouts of Irvington at a supper at their home on Saturday, February 19.

The Cubs attending were Sammy Torres, Gene Silva, David and Leroy Rose, Dick Sutton, Orbie Robertson, Andrew Costa, Kenneth Kraft, Alvin Gomes, Billy Dobyns, Jimmy Griffin and John Connolly.

Also attending the party were Mr. Philip Evalul, Mr. and Mrs. Gus Robertson and Mr. and Mrs. R. A. Griffin.

Mr. Evalul is the Cub master and Mrs. Griffin is the Den Mother.

Before the supper, games were played and after supper, movies of Mexico were shown to the boys.

The Cubs are sponsored by the Irvington Parent Teacher Association.

Goodbye, Tree!

The big but unsightly acacia tree which for years has helped conceal the lack of paint on the old frame building occupied by The Township Register on West Main street at Niles is being taken down limb by limb as this issue goes to press.

The big tree was "sentenced to death" many months ago at the behest of the Niles Chamber of Commerce, its limbs extending too far over the line of travel on the highway, and its blossoms making both sidewalk and street slippery during wet weather.

The Pacific Telephone and Telegraph crew began the work Wednesday morning by removing

PAPER COLLECTION DAY

If it is not raining this coming Sunday the Niles Scout Troop will have their second monthly newspaper and cardboard collection day. If businessmen have any substantial accumulation and they will notify Scoutmaster Fred Duffie, phone Niles 4506 arrangements will be made to pick it up. Parties living out of town who have no means of delivering their papers, magazines and scrap cardboard may call the Scoutmaster, or Troop Committeeman Lewis Lewis at Niles 4567 and their paper will be picked up. Bundled newspapers and magazines may be left on the porch of the Scout house in Niles at any time and they will be taken care of by the Scouts, and thank you!

TOWNSHIP BUYS \$546,000 OF 4TH WAR BONDS

Township bond purchasers only lacked \$17,000 of fulfilling their quota of \$563,000 of all types of bonds up to Tuesday afternoon, Township Chairman L. R. Burdick of Newark was very proud to announce. It is anticipated this small remainder will be handily oversubscribed before the drive officially ends next Tuesday night.

Purchases of all types of bonds reached the substantial total of \$546,000 up to Tuesday, the bulk of these bonds having been purchased by individual investors rather than corporations, which is the objective desired by the government.

Local schools in particular have more than done their part and women solicitors who have gone house-to-house in their neighborhoods have done a wonderful job, Burdick states. This is the first of the four war bond drives in which this Township has reached its quota, Burdick says.

SERVICES HELD FOR DR. J. H. DURHAM'S SISTER

(Sacramento Bee) GRIDLEY (Butte Co.) — Final rites were held in the Black Funeral Home in this city at 2 p. m. Saturday for Mrs. Mary Durham Ingram, 75, a resident of Gridley for 20 years, who died in her home here Wednesday night following a brief illness. Interment was made in the Gridley-Briggs Cemetery.

Mrs. Ingram was the widow of Henry Clay Ingram, cofounder of the Polytechnic School of Engineering in Oakland and an instructor and vice president of the college for 30 years. He died in 1942. He was the founder and first president of the Gridley Community Club and also served as president of Alta California, Inc.

Mrs. Ingram was a native of Abingdon, Ill., and resided for 73 years in California. Her father, the late Rev. Judge Durham, for years was a teacher and president of the Washington College in Irvington, Alameda County, from which she was graduated in 1888. She taught music in the college and in 1891 went to Boston, Mass., to study at the New England Conservatory of Music.

In 1900 she accepted a post as head of the music department of the Southern Oregon Normal School in Ashland, Ore., which position she resigned in 1902 to marry Ingram.

Mr. and Mrs. Ingram came to Gridley in 1924. Both were life long members of the Christian Church.

Mrs. Ingram leaves her sons, Raymond C. and Wendell D. Ingram, both of Gridley; six grandchildren, Major Robert S. Ingram of the United States Marine Corps, Mrs. Raymond, Anthony Leonard, Richard A. Ingram, Mary Anne Ingram, Wendell Ruth Ingram and John Whitman Ingram, all of Gridley, and a great grandson, Raymond Anthony Leonard II. Mrs. Elder Cutler of San Francisco and Dr. J. H. Durham of Irvington are a sister and brother.

Most places of business at Niles were closed up tighter than a drum on Tuesday in recognition of George Washington's birthday anniversary.

Register advertisers appreciate your patronage.

The top limbs and the stump is to be removed by a county road crew. The county crew Wednesday morning took down the remainder of the leaning acacia opposite the Berge Mortuary in Niles. Half of this tree was blown down across the main street during the big blow of December 8 and 9 of last year.

LIONS CLUB TO ERECT GIANT HONOR ROLL

CENTERVILLE — The Centerville Lions Club has voted to erect a large Township-wide Honor Roll for local men and women who have served in the armed forces of the United States during this war, and Past President Joe Adams is chairman of the project.

A wooden framework is to be erected opposite the Centerville fire house and as there are an estimated 1,500 men and women in service the project assumes large proportions. The Lions club has solicited several Township civic organizations to assist them in defraying the financial cost of the undertaking. Randy Griffin of Irvington is donating carpenter work and the P. C. Hansen Lumber company has donated some lumber for this purpose.

The Niles Chamber of Commerce at their Monday luncheon meeting in the Florence Restaurant unanimously voted to contribute \$25 to the project upon motion put by Walter Waynflete, seconded by E. A. Ellsworth.

The Honor Roll is to be made a permanent monument and will become a prominent and lasting testimonial to the patriotic services performed by our local men and women.

FIVE DAY RAIN BRINGS TOTAL TO 12.90 INCHES

The 10.33 of rainfall to date published last Wednesday received a substantial boost Friday night when a steady rain brought .97 additional into the Southern Pacific rain gauge at Niles up to 8 a. m. Saturday. Snow was reported on Mission Peak for the first time this year, and the weather was cold and wet all day Saturday.

Snow was all over the Livermore hills Monday and Tuesday and the temperature through the Township was quite low. A sizeable hailstorm took place at Niles Monday afternoon about 3 o'clock.

Sunday and Sunday night added exactly an inch to the seasonal total, with another .60 falling Tuesday and Tuesday night. The sun broke bright and early Wednesday, the five-day storm having added 2.57 to the seasonal total which stood February 23 at 12.90 inches.

This compares favorably with the 15.93 to the same date last year and last year's fall was well above normal.

Coming Events

THURSDAY

7:30 p. m. County Firemen's association meets at Ashland.

FRIDAY

8 p. m. Centerville Elementary P. T. A. Founders Day meeting in school auditorium.

SPECIAL SERVICES AT CENTERVILLE

CENTERVILLE — Special Lenten services are being held jointly by St. James Episcopal Church and the First Presbyterian Church, Mr. E. A. Groves advises this office.

Reverend Jackson Webster of Newark will be in charge of three evening services, beginning next Sunday, February 27 and continuing March 5 at 12, at the Presby-

terian Church.

These will be followed by prayer meetings held at St. James Episcopal Church at 7:30 Sunday evenings, March 19, 26 and April 2.

Members and friends of both churches are cordially invited to attend any or all of these services, which are to be held in addition to the regular Sunday morning worship services.

MANY TOWNSHIP CLUBS FURNISH NAVY SOLARIUMS

CENTERVILLE — A move to co-ordinate activities of Washington Township organizations in cooperation with welfare and recreation officers at the U. S. Naval Hospital at Camp Shoemaker was launched at a meeting of the Business and Professional Women's Club here this week.

Following a suggestion that groups pool transportation facilities, Mrs. Rose Vieux, president of the businesswomen's organization is contacting presidents of other clubs with the hope of forming a steering committee for the program. Chief activity at present is the furnishing of solariums at the hospital, a dozen or more clubs having voted to undertake the project. These are the Businesswomen's Club, the Country Club of Washington Township, the Child Welfare Club, DeGuadalupe Institute of Y. L. L., the auxiliary of the local post of the Legion, farm home departments and Newark clubs.

At Newark the project is community-wide, donations already listed from the S. P. R. S. I. Bluebirds, Improvement Club, fire department and its auxiliary, Sportsmen's Clubs and the Westvaco Chlorine Products Co., with the Sportswomen in charge of donations.

At Niles the Rotary Club has appropriated \$100 for about 40 magazine subscriptions for the wards. At Centerville, use of his garage equipment was loaned by Joe Adams and Charles Marriott, Washington Union High School senior, donated a day's time to assist the Welfare Club and the Country Club in refinishing furniture. Cookie jars in the solariums will be filled by the sponsoring groups. Donations of radios are being asked.

PETITION ASKS BETTER NURSING IN RURAL AREA

The following petition, signed by the principals and trustees of Southern Alameda County Elementary schools at a recent trustees meeting, was forwarded to the

County Board of Supervisors for action. It requests increased nursing and health service for schools in the rural districts. The petition follows:

We, the undersigned, representing schools of Southern Alameda County, do hereby request that the Alameda County nursing and health service be extended to take care of the increase in enrollment in our schools and the health problems which have arisen from this added population.

We find that the present service is entirely inadequate, and ask that the health authorities secure additional nurses to care for our growing needs, that salaries and mileage rates be increased to allow us, the rural section of Alameda County, to compete with the urban sections of the Bay area. It is our belief that extended financial support will aid in providing additional health services.

We consider it the direct responsibility of the Alameda County Health authorities to see that our health program functions according to present day standards.

If our demands exceed the limits of the existing health program we urgently request that the scope be enlarged to meet our needs. It is our desire to have the leaders of the Alameda County Health Service meet with a representative group of High School and Elementary School People of Alameda County and the County Superintendent of Schools, Mr. Vaughn D. Seidel, to make a survey and study of the present health situation and plan ways and means of improving existing service.

It is our understanding that County Superintendent of Schools, Vaughn D. Seidel has exhausted every means at his disposal to procure additional health services for the schools.

Requests have been made by several school districts in the past to bring about an improvement in their health service. All efforts were without success. For this reason we are now appealing to you, The Alameda County Board of Supervisors.

PUBLIC (LEGAL) NOTICE

NOTICE OF INTENTION TO ENGAGE IN THE SALE OF ALCOHOLIC BEVERAGES

Feb. 17, 1944
TO WHOM IT MAY CONCERN:
Notice is hereby given that fifteen days after the date posted, the undersigned proposes to sell alcoholic beverages at these premises, described as follows:

Electric Power Meets Wartime Needs

Planned for Peacetime Progress READY FOR WAR DEMANDS

PLANNING AHEAD for customers of this company is a job that is never finished. It is always on the drafting boards, on the blue prints and with engineers and construction men.

When the biggest job of all came along—A Nation at War—then the results of foresight and planning were tested. To supply the needs of "all-out" war production with a speed and scope never equalled before, called for Peak Power from this company. And every call for electricity from war industries and the military forces has been met promptly and in full.

Like the logistics of army supply, an electric system must also have carefully planned sources of supply, strategically located, together with available reserves. Thus this company has 64 electric plants with interconnected switch-over facilities serving Northern and Central California. Among these 64 powerhouses are 13 steam power plants to supplement the electric load on its hydro power plants. One big dam, or one big powerhouse or two, could not dependably supply the demands of progressive California.

We ask the continued cooperation of all customers to conserve and save electricity, because military and war industry needs come first.

GAS AND ELECTRICITY ARE VITAL IN WAR PRODUCTION ... DO NOT WASTE THEM!

SURPRISE PARTY HONORS WALKERS' 20th ANNIVERSARY

DECOTO — At the meeting of the Decoto Social Group held at the Walker Sunroom, Saturday, February 19, a very lovely surprise was in store for Mr. and Mrs. Walter Walker in honor of their twentieth wedding anniversary, February 16.

After an evening of games and dancing, a very beautiful gift of a set of china from the International Kitchen pottery shop was presented to the Walkers by Mrs. Ethel Avilla, with a very charming

little speech, in which she expressed the Group's appreciation of the many happy hours spent in the Walker Sunroom, offering their best wishes for the future.

At midnight a lunch was served of which the crowning glory was an immense cake baked by Miss Linda Cunha and decorated by Mrs. Ethel Avilla in a most appropriate and artistic style. This proved to be a work of culinary art inside as well as on the surface and was up to the high standard of Decoto's top-notch cooks.

Mr. and Mrs. Walter Walker were most happy over the lovely gift, the complete surprise and most of all the warm friendship expressed by the members of the Group who have for several years been bound by ties of happy hours spent in social fellowship.

Mr. and Mrs. Walter Walker, in the pleasant company of fourteen relatives, had dinner at the International Kitchen, February 16 at

eight o'clock in honor of their twentieth wedding anniversary. Mrs. Jessie F. Taylor, Mrs. Walker's mother was here from Saratoga for the occasion.

NILES LOCALS

Charles Middleton of Niles went to Los Angeles by train Sunday night, where he is spending this week. While there he is visiting the W. T. Lindsay family, formerly of Niles.

Mrs. Thelma Blodgett, formerly a partner with Mrs. Dorothy Nickel in the Sweet Shop at Niles, visited Mrs. Nickel last week with her three year old son. They have been living at Albany, Oregon for the past three years where Mrs. Blodgett is in charge of the soda fountain in the U. S. O. building at Camp Adair near Corvallis, Oregon.

The Toyon Branch of the Childrens Hospital received a check last week from W. L. McElwain, Niles Salvage dealer, in the sum of \$15 as payment for old newspapers and magazines which public spirited citizens had placed outside Mr. McElwain's place of business, Mrs. J. R. Whipple is happy to announce. She thanks these kind-hearted citizens for their cooperation.

Burlia James and L. Mezza have purchased the Columbia Grill at Niles from Pete Kallas and are renovating and redecorating the interior.

PUPILS WILL STUDY PHYSICAL EDUCATION

CENTERVILLE — Pupils of the Centerville Grammar School are participating in the school of instruction for squad leaders in physical education now in process at the Washington Union High School.

Local pupils are Antoinette Pimentel, Winifred Rogers, Antoinette Barcide, Elsie Silveira, Alden Christensen, Ronald Sylvestri, Ray Bettencourt and Joe Sankene.

SPEAKERS SAY TOKENS WILL HELP WORKERS

Many hours of work will be saved for volunteers who re-issue ration books because of the issuance of red and blue tokens as change to purchasers of processed foods.

This was one of the reasons given for use of tokens by Grace Kern of the OPA district office at a recent meeting of the nutrition class at the Niles Grammar School. The ration books will last longer and the periods of validity of stamps will be lengthened because of tokens, she explained. Tokens will be in use on February 27.

She urged housewives to process as much fruit and vegetables as possible in order to prevent a shortage.

THREE DECOTO YOUTHS GRANTED PROBATION

Three Decoto youths were placed on probation for a year following their plea of guilty to loitering around a school dance.

In defining the probation terms to Fred J. Sandoval, 18, Bernardo Perez and Ralph Duran both 20, Judge J. A. Silva instructed them to get a job, stay away from school affairs not open to the public, and not to loiter on the streets after 10 p. m.

SON IS BORN

MISSION SAN JOSE — A second son, Patrick Michael, has been born to Mr. and Mrs. Walter Kane Scott of Seattle, the baby's grandmother, Mrs. Marie Aust, has been informed. Mrs. Scott was secretary at the Washington High School for several years before her marriage.

PROCESSED FRUITS, Jams and Vegetables—Green stamps K, L and M, Book 4, valid through March 20.

SUGAR—Stamp 30 in Book 4 valid for five pounds of sugar through March 31.

USED FATS — Each pound of waste fat is good for two meat-ration points.

SHOES—Stamp 18, Book 1, indefinite, "Airplane" stamp 1, Book 3, valid indefinitely.

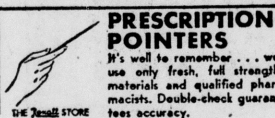

GASOLINE—A coupon 10, three gallons, valid through March 21.

TIRE INSPECTIONS—A tires, March 31, B tires, Feb. 29, C tires, February 29, 1944

STUDENTS TO HEAR BLIND PIANIST PLAY

CENTERVILLE — Rose Resnick blind pianist and her seeing-eye dog will entertain students of Washington Union High School at an assembly Friday afternoon at 2 o'clock.

She is a graduate of Hunter College in New York and received her M. A. at the University of California. She will also give a demonstration of braille reading.

WHITAKER PHARMACY
NILES 4410

HOW NEW RATION TOKEN PLAN WILL OPERATE

Effective 12:01 a. m., Sunday, February 27, all BLUE and RED stamps in Ration Book Four will have a flat value of 10 points each, regardless of the numbers 8, 5, 2 and 1 now printed thereon. BLUE stamps will be for processed foods; RED stamps for meats, fats and oils.

Because all BLUE and RED stamps in Book Four will have a 10-point value, "change" will be made with tokens. These will have but one value—one point each. A consumer who surrenders a stamp for a six point purchase, for instance, will receive in "change" four tokens. There are BLUE tokens for processed foods and RED tokens for meats, fats and oils. Although stamps will continue to be valid and invalid on specified dates, tokens may be used at any time after the consumer receives them.

The tokens are slightly smaller in size than a dime. They are made of a special three-ply vulcanized fabric and are particularly durable. Two billion have been ordered by the government — approximately half BLUE and half RED.

Five BLUE stamps, for processed foods, will become valid every month, giving a total of 50 points per month as against 48 under the old system. Three RED stamps will become valid every TWO-WEEK period starting February 27, giving a total of 60 RED points every four weeks as against 64 points under the old plan. The change over systems, however, will not effect a decrease in the amount of rationed goods available to the consumer. Point values on

processed foods and meats will be adjusted to the new 50 and 60 point allotments.

The first series of five BLUE stamps (50 points) will become valid on February 27. Thereafter, on the first of each month, beginning April 1, five more BLUE stamps will become valid. The first series of three RED stamps (30 points) will become valid on February 27. Thereafter, three additional RED stamps will become valid every two weeks. All series of stamps, both BLUE and RED, will be good for periods of approximately 12 weeks.

On February 27, when the new simplified "token plan" goes into effect, several stamps which will have been made available previously still will be in use. These stamps are GREEN stamps K, L and M in War Ration Book Four, and BROWN stamps Y and Z in War Ration Book Three. All these stamps will remain valid until March 20, 1944.

These stamps, however, WILL NOT have a 10-point value as will the BLUE and RED stamps in Book Four. They will be used in accordance with the procedure used at present—retaining their respective 8, 5, 2 and 1 point values. Tokens will be given in change when purchases are made with these stamps.

Consumers will not be permitted to "cash in" BLUE and RED stamps for 10 tokens. A purchase must be made with them before tokens will be given as "change."

USE UP YOUR BROWN STAMPS V, W, X, BOOK 3

The San Francisco district Office of Price Administration today reminded housewives that six food stamps will expire between now and the time the new ration tokens come into use, February 27. Brown stamps, V, W and X in

Ration Book 3 may not be used after midnight, Saturday, February 26. Brown stamps are used for meat, canned fish, most edible oils, cheeses and canned milk.

Green stamps, K, L, M, became valid February 1 and will remain good through March 20, as will the two remaining Brown stamps, Y and Z. Stamp Y became valid Sunday, February 13, while Z became good starting Sunday February 20.

These two groups of green and brown stamps will therefore still be good when the ration token program begins, February 27. Token change may be given by retailers for both of these groups at the face value of these stamps 8, 5, 2, and 1, OPA emphasized.

B AND C BOOK HOLDERS MUST GET TIRES INSPECTED

Motorists with "B" and "C" supplemental gasoline rations were reminded today by the San Francisco District Office of Price Administration that February 29 is the deadline for periodic tire inspections in connection with the rubber conservation program.

Book holders are required to have their tires checked every four months, with a minimum of 60 days between examinations. Tire inspections for "C" motorists are required every three months with a minimum of 45 days spacing between check-ups.

"A" book holders have until March 31st for their current tire inspection. Only two check-ups are required a year for motorists with "A" books, with deadlines every six months, but at least 90 days must intervene between inspections.

Tire inspection records must be kept in the car at all times. Presentation of these records is required whenever application is made to a war price rationing

board for either gasoline or tires. If the record shows any misuse of tires, the applicant may be denied mileage rations.

HEARST COUNCIL TO MEET MARCH 16 AT IRVINGTON

IRVINGTON — Mrs. Lillie Robinson, Mrs. George Scamman and Mrs. Lewis Adams were the delegates of the Irvington P T A who attended the executive board meeting of the Phoebe A. Hearst Council held at Hayward Union High School on February 15.

Plans were completed for the Council meeting to be held at the Irvington Elementary School on March 16.

The program chairman of the Hearst Council, Mrs. Reginald Calhoun, has planned a very interesting program. It is hoped that there will be a good attendance of P T A members at this meeting. The public is also invited to attend.

Railroaders with their THINKING CAPS on

Here we tell you about some good ideas thought up by the people of our railroad to help Southern Pacific carry its greatest traffic load in history. Such ideas contribute directly to Victory, because the railroad is the war industry all other war industries depend on!

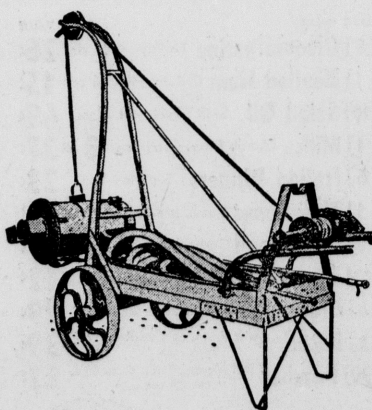

Only a few of the ideas received in recent months are presented here. And some of the devices shown can be fully appreciated only by railroaders. But these ideas have a common denominator everybody will understand: All represent better ways to run a railroad!

Back in the 1860's our railroad itself was a new idea. The first Southern Pacific tracks were built largely into virgin, sparsely settled regions where great cities later grew.

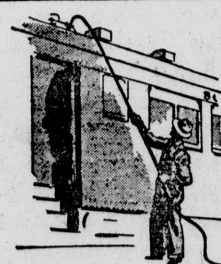

And through the years the S.P. "family" has steadily pioneered such new ideas in railroading as low coach fares; moderately priced meal service in dining cars; and store-door pickup and delivery for less than carload freight. We operate more air-conditioned cars than any railroad west of the Mississippi. Even today, in wartime, our hard-pressed streamliners are still the nation's most beautiful trains.

You can be sure that S.P. men and women in the shops, yards, offices, stores and on the trains will continue their constant search for improved methods of railroading.

In this spirit of enterprise we find stimulation and encouragement for the future. Then, as now, good railroad transportation will be needed . . . and we know that railroaders with their thinking caps on will do their part to provide it. S.P. is planning for peacetime progress NOW!

THESE FOUR MEN worked out a horizontal airjack which saves delay to flat cars and makes for blocking of flat cars into rigid units for loading with long piling. S.P. District Car Service Agent J. E. Whalley of Eugene (third from left) conceived the idea. Car Foreman W. H. McAllister (left) built first working model. W. E. Jackson drew blueprints for another at Eugene, where Master Car Repairer W. B. Medill (right) produced a second working model. Device improves on manually operated track jacks used for same purpose.

Watering of passenger cars has been simplified by specially-shaped extension pipe suggested by General Car Foreman C. H. D. Hansen of S.P.'s Mission Road Coach Yard. Method eliminates ladder and need to climb up on top of car to fill water tank.

Two hours time daily is saved by this device developed by S.P. Machinist Dow Nichols of Bakersfield. His idea involves a centering attachment for driving box boring mill. Machinists see this as a valuable contribution to good workmanship.

To extract journal bearings more easily and minimize danger of accidents, E. P. Morgan, S.P. Electric Welder of the Los Angeles Car Department, worked out this ingenious and specialized tool.

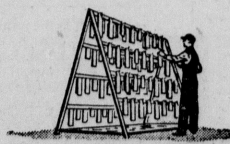

Ideas for improved production of brake shoes which saves 156,000 pounds yearly of critical metal formerly scrapped was suggested by Charles Walls, General Foreman of S.P. Blacksmiths at the Sacramento Shops.

Increased reclamation of war-vital zinc from used batteries, now S.P.'s only source of zinc, is made possible by idea of Wayne Ramsey, Reclamation and Welding Foreman at Sacramento General Stores. By Ramsey's method, adapting the hammermill, 400 pounds of zinc are produced daily against 100 pounds by former method. Hammermill rips open the zinc covering and breaks up carbon. Zinc pieces and crushed carbon are run through tumbler where carbon falls through perforations while zinc remains behind.

Greater accuracy, with saving of time and effort, is made possible by jig developed by S.P. Machinist Earl Eckenberg at Los Angeles Shops. Jigs center alternator and pump motor heads for boring and fitting bushings.

Issuing train tickets to the public is speeded by this stockroom holder for ticket forms devised by Bob Steinbach, S.P. Ticket Clerk. Tickets hang from spindles, in logical order, permitting quick identification and handling.

To keep passengers posted as dining car seats become available, reducing wartime waiting-in-line, Conductor E. M. Benson suggested announcements over loudspeakers on S.P. Daylights. Our Conductors often contribute ideas.
